

# Green Bayle

An environmentally friendly and more sustainable Heart of Folkestone

## Proposed activities and resources

**Information and education** via website, leaflets, social media, campaigns, noticeboard. Sharing our experiences with other localities and promoting it on the town scale - news, radio etc.

**Healthy lifestyle and wellbeing promotion** - walks, sport, diet

**Community action on litter picking and recycling collective bins** - partnership with church and school, signage and positive street messages

**Wildlife projects for all ages** - maintaining and promoting the local biodiversity

**Partnership with the school and local businesses** - promoting local shopping, school travel policy, vehicle restriction, children involvement, survey project, bicycle secured shelter

**Liaison with local council** on pollution and energy saving issues
